

## Pride of Newark Marching Band 2008 Schedule

Rossi DiBenedetto - Director

June & July practices are highly recommended as this is when we will learn most of our music and start marching fundamentals. Also section and squad leaders will be chosen during these months. Please let me know when you will be absent. Please do your best to schedule your job around the June and July practices. Tell your employer NOW about these dates.

**All practices from pre-camp (starting July 21) until the end of the year are MANDATORY!!!** Percussion audition materials and the band handbook with information about band camp and fees will be coming out before this school year is over.

### June
